Dear Parent/ Carer

Re: Chicken Pox and Shingles

I need to ask for your co-operation and support in an important matter.

Sadly, one of our pupils on the Oakdale site is receiving ongoing medical treatment for cancer which puts them at increased risk if they are exposed to chicken pox or shingles.

If your child is suspected of having chicken pox, please let us know immediately so that our pupil can receive the appropriate treatment. In addition, it is also imperative that you let us know if there is shingles in your household.

Your child is not at any risk in any way from this situation. However, the health and well being of the pupil who is at risk depends on the co-operation of all other parents and we hope that you can help us.

I thank you in anticipation of your support.

Yours faithfully

Tim Williams  
Head Teacher
