

# Asdan Cope

## A *General Information*

This is a very practical accredited course which offers you an active curriculum. Assessment allows you to demonstrate your personal and social skills in different situations.

On joining the scheme, you will develop a portfolio to record all your achievements. This portfolio contains all you need for success rather than showing these skills during an exam.

ASDAN allows you to display your personal qualities, rather than *just* academic achievements, to a potential employer and is highly valued by colleges as well as employers as it develops life skills as well as independent learning.

## B *Syllabus*

We offer COPE at both Level 1 and 2 depending on pupil performance.  
**COPE Level 1 is equivalent to a D grade and Level 2 is equivalent to a B grade.**  
This makes the course ideal for pupils who do not perform well in examinations.

Each award has a selection of challenges helping you to be more skilled in a variety of areas by organising projects both at school and out and about in the community. These include:

- Working with Others
- Problem Solving
- Improving your Learning.

There are lots of opportunities for you to be involved in activities and visits which will increase your confidence.

## C *Assessment*

**There is no exam for this subject.**

You will be assessed by completing challenges to gain credits and so producing a portfolio (folder of evidence). The folder can contain written work, photographs, tickets, certificates or filmed/taped evidence and shows that you have met the challenges for each unit.
