

Welcome to the Religious Education Restaurant!

HOW TO ORDER...

Choose some tasks from the menu below. Try to do **one** from each section but don't worry if you don't manage to do three—just do what you can! The chili rating indicates how challenging the task is. Remember to keep your work safe for me to look at when you come to Islwyn!

Starters

Either design or find a template online of a stained glass window. Paint or colour it in.

Choose two major world religions and do some research about them. Try to include their religious symbol, founder, place of worship and holy book.

Write a creative story with a 'moral' in it (e.g. 'don't judge a book by its cover', 'treat others the way you wish to be treated')

Main Courses

Research a religious symbol and explain why it looks the way it does.

Research a religious celebrity. Imagine you are a TV presenter who is interviewing them about their religion. Write questions and their responses (e.g. what religion do you belong to, what festivals do you celebrate?)

Research a random country in the world and produce an information leaflet about their main religion. Include their holy book, place of worship, festivals etc.

Desserts

Complete a **safe** random act of kindness (e.g. wash the dishes or give someone a compliment).

Create an informative poster about a religious festival that takes place in May, June or July (e.g. Ramadan, Wesak, Shavuot). Say how and why they celebrate it.

Create a place of worship out of recyclable materials (e.g. a church, mosque, mandir)
