15. Monitoring the Policy

Safeguarding Children Policy for Islwyn High School

1. School Policy Statement

- 1.1 Under the Safeguarding Children agenda, our school/setting recognises that a Safeguarding Policy requires a broader view than that of the traditional Child Protection Policy. The Welsh Government guidance *Keeping Learners Safe (and updates)* has been incorporated into this document and it is fully compliant with Keeping learners safe guidance 2021. This guidance is also compliant with the Wales Safeguarding Procedures November 2019. Robust consultation has been undertaken with Children's Services, Human Resources, the Legal Department, Health and Safety and the Parent Network in the construction of this policy. This policy applies to all educational settings including schools and Education Other Than at School Provisions (EOTAS). The aim of this document is to promote the protection and welfare of all children.

Throughout the entirety of this document children are recognised as anyone under the age of 18.

This document should be read in conjunction with the Wales Safeguarding Procedures 2019, Keeping Learners Safe (April 2021) other school policies. Additionally, staff should be familiar with the Councils key policies, in particular:

- The Corporate Safeguarding Policy
- The Code of Conduct
- The Whistle Blowing Policy
- The Social Media Policy.

- 1.2 The council hosts safeguarding information pages on the Council website in order to provide information to the general public. The Council intranet site has direct links to Gwent Safeguarding (www.gwentsafeguarding.org.uk). Additional sources of information can be accessed via links provided in **Appendix 1**.

The Named Education Safeguarding Lead in the Directorate for Education and Life Long Learning is Sarah Ellis, Lead for Inclusion and ALN (01443 866618) , with operational responsibility for The Education Safeguarding Team (01443 866687). The Education Safeguarding Coordinator is Mandy Morris, (01443866674) & Education Safeguarding Officer is Toni Yearsley (079366010820).

It is important for all staff, volunteers, contractors and governors/management committee members to remember:

It is NOT the responsibility of any employee, volunteer, contractor or Governor/Management Committee Member to determine whether abuse or neglect is actually taking place.

However, it IS the responsibility of any employee, volunteer, contractor or Governor/Management Committee Member to take the actions set out in this policy if they are concerned that abuse or neglect may be taking place or if they are concerned a person may be harmed. This also includes harm by criminal exploitation, child sexual exploitation, radicalisation, female genital mutilation or modern slavery.

- 1.3 Islwyn High School fully recognises the contribution it makes to Safeguarding Children.

There are three main elements to our policy:

- Prevention through the teaching and pastoral support offered to pupils
 - Procedures for identifying and reporting cases, or suspected cases, of abuse. Because of our day to day contact with children, school staff are well placed to observe the outward signs of abuse.
 - Support to pupils who give cause for concern, are vulnerable or who have, or may have, been abused.
- 1.4 This policy applies to all staff and volunteers working within the school. Additionally this policy applies to all occasional workers, agency staff, volunteers, contractors and governors/management committee members involved with our school. All adults on school site must be aware of the school's Safeguarding Children Policy as any adult can be the first point of disclosure for a child. The Headteacher/ Designated Safeguarding Lead requires a signature (with date) from all staff to indicate that they have read this document.

2. Prevention

Ethos, Culture and Curriculum

- 2.1 We recognise that high self-esteem, confidence, supportive friends and good lines of communication with a trusted adult helps to safeguard pupils.

The school will therefore:-

- Establish and maintain an ethos where children feel secure and are encouraged to talk, and are listened to
- Ensure children know that there are adults in the school whom they can approach if they are worried or in difficulty

- Include in the curriculum, activities and opportunities for Personal and Social Education (PSE)/Relationships and Sex Education (RSE) which equip children with the skills they need to stay safe from abuse or exploitation, both in their own communities and the cyber community, and to know whom to turn for help
- Include in the curriculum, material which will help children develop realistic attitudes to the responsibilities of adult life, particularly with regard to childcare, safe relationships and parenting skills
- Exercise our duty as a school/setting to identify vulnerable pupils and keep pupils safe from the dangers of radicalisation and all forms of extremism (PREVENT)

Ethical Standards

- 2.2 All staff are clear regarding the importance of their role and responsibilities in regard to modelling appropriate behaviour and ensuring children feel supported. All adults in school hold a position of trust and must be clear that their professional and personal behaviour should not impact negatively upon the pupils, the school or the school community in any way. Guidance with regard to ethical standards is given in: www.ewc.wales/site/index.php/en/fitness-to-practise/code-of-professional-conduct-and-practice-pdf.html

Effective Partnership Working with Parents

- 2.3 As a school we recognise the importance of working in partnership with parents/carers to avoid foreseeable risks to children and to work with families in ways which build resilience and strengths. In order to ensure that parents and carers have an understanding of the responsibility placed on the school and staff for child protection and safeguarding, the school sets out its obligations in the school brochure/ leaflet **Appendix 3**. We recognise that children reside in a diversity of arrangements and the terms parents and carers will be used to describe those with whom the child resides. The school will always keep clear note and pay due regard to the arrangements for parental responsibility for each child.
- 2.4 Whilst the school has a robust system of risk assessment in place for issues within school, risks outside the school gates must be managed in partnership with good communication.
- 2.5 The Royal Society for the Prevention of Accidents and the NSPCC both recommend that no one under 16 years of age should be left to care for a younger child. Parents/carers are required to make their wishes for the release or collection of their children explicit to the school in writing. Whilst there is no minimum age set in law, our school will implement suggested guidance and not routinely release younger children who require collection to anyone under the age of 16. Individual requests to consider a variation to this policy will be considered on its merits and clearly recorded; a parental signature will be required. Without an appropriate authorising signed request, the school will adhere to the guidance as listed above.

3. Procedures

- 3.1 As required in the Keeping Learners Safe guidance the school will designate a specific governor for Safeguarding who will oversee the school's Safeguarding policy and practice and provide a supporting link for the Designated Senior Person for Safeguarding. The Designated Governor's responsibilities will also include ensuring that the Governing Body/Management Committee undertake an annual review of safeguarding policy and procedures and how the schools safeguarding duties have been discharged. The Designated Governor will ensure that they attend specific safeguarding training for governors a minimum of every 3 years. They will also publicise this training amongst their governing body and encourage their colleague's attendance as safeguarding is everyone's business.

Safeguarding Governor for the school/setting is Mrs Lisa Curtis-Jones.....
Tele/email:..07974194229.. /lisa.curtis-jones@sky.com.....

Deputy Safeguarding Governor for the school is Mr Joe Woodland.....
Tele/email...07875069306/ JoeWoodland@chepstowschool.net.....

The Designated Senior Person for Safeguarding

- 3.2 At this school/setting we will follow the Wales Safeguarding Procedures, <https://safeguarding.wales/> and other guidance and protocols that have been endorsed and agreed by Gwent Safeguarding www.gwentsafeguarding.org.uk .
- 3.3 The school will ensure it has a Designated Senior Person (DSP) for Safeguarding, who has undertaken the appropriate training, plus identify clear arrangements for a substitute in the DSP's absence. These arrangements will be replicated for Children Looked After, the roles are definably different but may be undertaken by the same person.
- 3.4 Within this school the Headteacher/Setting Leader retains overall responsibility for Safeguarding.
Our named DSP for Safeguarding & Child Protection is...Mrs Nicola Bowden (Deputy Head Teacher)
(In primary schools this is usually the Headteacher)

Deputy DSP for Safeguarding & Child Protection is Mrs Tina Crooker (Inclusion Manager)

The DSP is responsible for ensuring:

- The smooth running of safeguarding processes within their school/settings
- That all staff are compliant with safeguarding training requirements
- That all staff are made aware of their safeguarding responsibilities as part of their induction to their employment
- That all staff have an annual reminder of the importance of safeguarding awareness, the procedures to follow and the expected ethical standards of behaviour of staff in relation to pupil safety and welfare
- Appropriate interactions with Children's Services and other partners with effective

- sharing of information
 - That all multi agency meetings for children are attended and that appropriate written information is shared with the meeting in accordance with timescales
 - That support and advice is provided to all staff with regard to concerns for the welfare and safety of children, including safeguarding responsibilities in specific circumstances, peer-on-peer abuse and harmful sexual behaviour and the suite of guidance on 'Rights, Respect, Equality' to help prevent and address bullying.
 - The accuracy and efficiency of children's safeguarding records (see **Section 6**).
- 3.5 The school is responsible for ensuring that every member of staff and every governor/management committee member knows:
- The name of the DSP/s and their role and responsibilities as indicated above; and the shadow arrangements in place
 - The protocol and procedures within the school for safeguarding pupils
 - The signs and indicators of potential abuse, neglect or harm
 - That they have an individual responsibility for referring child protection concerns in accordance with the Social Services and Wellbeing Act (Wales) 2014 and the Wales Safeguarding Procedures 2019.
 - How to take forward those concerns with the Deputy DSP when the DSP is unavailable
 - That all Children Looked After continue to be vulnerable and will require a consistent level of support, care and monitoring even though they may no longer reside in inappropriate circumstances.
 - Adhere to the procedures set out in the Welsh Government circular 002/2020, [Disciplinary and dismissal procedures for school staff | GOV.WALES](#)

4. Recognition: Definitions of Child Abuse and Neglect

- 4.1 All members of staff are aware of the need to be alert to signs of abuse and know how to respond to a pupil who may disclose abuse, the definitions of abuse in accordance with the Wales Safeguarding Procedures (2019) can be found in **Appendix 2**.
- 4.2 The school also recognises that the Corporate Safeguarding Policy gives further guidance as to the signs and symptoms of abuse and neglect.

5. Reporting and Recording Disclosure or Concerns for a Child

- 5.1 As stated in the Corporate Safeguarding Policy, all employees working for or on behalf of the Council have a duty to report any concerns they may have for the welfare and/or protection of children and adults. The duty to report is a legal requirement and may have serious consequences for the employee who fails to report appropriately. Concerns of a safeguarding nature may relate to a member of the community or a member of staff, volunteer or any person in the position of trust within our school/setting.

- 5.2 If a child has an injury incompatible with an explanation or has made a disclosure indicating abuse or risk of harm, a report to the Information, Advice and Assistance Team, Children's Services (IAA), should be made verbally, and immediately, via telephone without delay; this enables immediate safeguards to be considered and relevant agencies to plan a response. The 'Duty to Report' Form (former MARF) must then be sent to the IAA within the locally agreed guidance timescale of 24 hours following the telephone discussion. Other safeguarding policies/procedures may stipulate differently, but local arrangements take precedence. Consent to share information with Children Services is not needed from the parents/carers if there are concerns indicating an immediate risk of harm if it is disclosed that the parent/carer is the alleged abuser.

Remember: If there is an immediate risk of harm or danger to the child, then emergency services should be considered without delay.

- 5.3 The named staff member who initially provided the information should be clearly recorded on the referral form. In exceptional circumstances referrers may wish to discuss the option of remaining anonymous.

6. Effective Record Keeping and Transfer of Information

- 6.1 Written records of concerns about children will be maintained in line with the Significant Event Record **Appendix 5**, as provided and recommended by the Caerphilly Education Safeguarding Team even where there is no need to refer the matter to social services immediately. All records will be kept secure, ie in locked locations or with restricted access on electronic systems.
- 6.2 Clear records of concerns for children will be maintained in a chronological format. This will assist in identifying patterns of concern and document parental responses to concerns as and when they arise. In cases of ongoing concern, where parents fail to acknowledge the effects upon the child or take meaningful action to protect the child, a report can still be made to Children's Services without parental consent. However, the parents/carers should be informed of the schools intention to make a report and told the reasons why, where it is safe to do so. It is important to document these discussions with parent(s)/carer(s) to evidence the efforts made to engage parents/carers in the process.
- 6.3 Each practitioner involved in making a record of concern will write and sign their own account, and will understand that they cannot sign and agree a colleagues recording.
- 6.4 All records are kept secure and in locked locations or electronically within a secure IT safeguarding system with restricted access only; children's files are kept individually in line with the Safeguarding Pupil Information Record **Appendix 6** system as supplied and recommended by the Education Safeguarding Team. Concerns will be shared with relevant professionals involved with the child, but records will not be available without the authority of the DSP or the Headteacher/Setting Leader, and in conjunction with the LA Information Governance Team.

- 6.5 The school will transfer any existing Safeguarding information for a pupil leaving to the new school immediately and if appropriate, inform Children's Services of the pupil's transfer. Children's Services should be informed for any pupil who is on the Child Protection Register, a Child Looked After or a pupil currently known to Children's Services. The DSP will ensure that the receiving school is fully aware of any safeguarding concerns and that the file is transferred in a secure appropriate manner. The transfer of records will comply with requirements of the Local Authority Retention and Transfer of Safeguarding Records Guidance.

7. Supporting Pupils at Risk

- 7.1 We recognise that children who are at risk, suffer abuse, neglect or witness violence may be deeply affected by this. This school may be the only stable, secure and predictable element in the lives of children at risk. Nevertheless, when at school their behaviour may be challenging and defiant or they may be withdrawn. The school recognises that any pupil who is currently or previously Looked After by the Local Authority, is still extremely vulnerable and may require additional support and monitoring.
- 7.2 The school acknowledges that as children grow and develop they will increase in independence and autonomy. However, the school also recognises that pupils remain children until they are 18 years of age and will continue to require support in developing in all aspects of their lives. This would include forming positive relationships, and being aware of their own safety.

The school will endeavour to support the pupil through:-

- The content of the curriculum to encourage self esteem and self motivation
- The school ethos which:
 - Promotes a positive, supportive and secure environment
 - Gives pupils a sense of being valued.

The School's Behaviour Policy

- 7.3 The schools behaviour policy ensures all staff agree on a consistent approach which focuses on the behaviour of the offence committed by the child but does not damage the individual's sense of self worth. The school/setting will endeavour to ensure that the learner knows that some behaviour is unacceptable but s/he is valued and not to be blamed for any abuse which has occurred.
- In relation to the safe use of **mobile phones**, our school will align with the *Welsh Government recommendations*, which states that '*all schools are to ensure they have clear policies on acceptable mobile phone use by learners throughout the school day, those policies are well-communicated to learners, staff and parents, and are consistently enforced by school staff.*'

Community Cohesion – Preventing Extremism (PREVENT Duty)

- 7.4 Since the introduction of the Counter – Terrorism and Security Act 2015, specific duties have been placed on Local Authorities and education providers to have due

regard to the need to prevent people being drawn into terrorism. Staff within this school will undertake relevant annual PREVENT training including Welsh Government guidance relating to Respect and Resilience. The school's DSP for Child Protection & Safeguarding is clear regarding the referral process to Channel Panel. Our school/Setting values the fundamental rights of freedom of speech, expression of beliefs and ideology and tolerance of others which are the core values of our democratic society. However, all rights come with responsibilities and free speech or beliefs designed to manipulate the vulnerable or which advocate harm or hatred towards others will not be tolerated. We always seek to protect our pupils and staff from all messages and forms of extremism and ideologies. Our School/Setting is clear that exploitation and radicalisation will be viewed as a safeguarding concern and will be referred to the appropriate safeguarding agencies (**Appendix 1**).

- 7.5 On 2 May 2023, the Government published the [draft Terrorism \(Protection of Premises\) Bill](#), also known as **Martyn's Law**, for pre-legislative scrutiny by the Home Affairs Select Committee. The Bill will impose requirements on premises and events, including schools, to increase their preparedness for, and protection from, a terrorist attack. The legislation will ensure responsible persons are prepared, ready to respond and know what to do in the event of an attack. Better protection will be delivered through enhanced security systems, staff training, and clearer processes. Our school will align with relevant risk assessment and security plan, considered to a 'reasonably practicable' standard to keep learners safe (**Appendix 1**).

Suicide & Self Harm

- 7.6 Where necessary/appropriate, the school will provide support and advice to pupils and parents/carers in line with multi-agency guidance in relation to self harm and suicide. School will follow the 'Responding to Issues of Self Harm & Thoughts of Suicide in Children & Young People in Gwent Protocol (endorsed by Gwent Safeguarding Board). Reports to Children's Services will be made where a child requires protection as appropriate. We will liaise with other agencies that support our pupils, such as Children's Services, Child and Adolescent Mental Health Services, the Educational Psychology Service, Behaviour Support Services, the Education Welfare Service and Education Safeguarding.

Peer on Peer Sexual Harassment/Harmful Sexual Behaviours (HSB)

- 7.7 The Welsh Government produced guidance in 2021 which provides education settings with practical tools to prevent and respond to instances of peer sexual abuse, exploitation and harmful sexual behaviour taking place both inside and outside of school. This includes digital abuse and exploitation. Our school will have clear policies to prevent and respond to instances of peer sexual abuse, exploitation and harmful sexual behaviour, so that all children can realise their right to be safe and their right to an education.
- 7.8 Children who have experienced peer sexual abuse, exploitation and harmful sexual behaviour will be supported to speak out, listened to and able to access the help they need, both in and out of this education setting. This school will implement a whole school approach in relation to sexual harassment and abuse by engaging with parents

and working collaboratively in a successful multi agency approach in responding to peer sexual abuse, exploitation and harmful sexual behaviour.

Resources and Guidance relating to Peer on Peer are available **Appendix 1**.

Child Exploitation

- 7.9 Child Sexual Exploitation (CSE) is understood as a form of child sexual abuse. CSE and other safeguarding issues including Child Criminal Exploitation (CCE) are separate but related forms of child abuse.
- 7.10 CCE is largely associated with organised crime networks but children can also be criminally exploited by individuals or smaller groups. The picture for CSE is more likely to involve exploitation by individuals and smaller groups as well as organised crime networks. Children at risk of or abused through CSE should not be subject to a different process to other children at risk but should receive care, support and protection in line with statutory guidance and the Wales Safeguarding Procedures **Appendix 1**.

Restrictive Physical Intervention (De-escalation and Positive Handling)

- 7.11 Physical contact can range from leading a child to safety by the hand, to a pupil being restrained to prevent violence, injury to themselves or others, causing significant damage to property, compromising good order/discipline or committing a criminal offense. There is no legal definition of reasonable force but it should be the minimum action needed or force applied to achieve the desired result.
- 7.12 This school adopts the Local Authority's Policy in relation to the Use of Reasonable Force or Physical Intervention to Control or Restrain Pupils. In this respect, the Policy is consistent with the Welsh Government guidance on Safe and Effective Intervention – Use of Reasonable Force and Searching for Weapons 097/2013. Our school will ensure that all school staff who physically intervene with any pupil have had appropriate levels of training and advice.
- 7.13 The school will ensure that every physical restraint is recorded appropriately in their own 'bound and numbered book' and a record of the incident sent to the Local Authority mailbox restraint@caerphilly.gov.uk within 24 hours of the incident taking place. This will ensure an audit overview can be maintained centrally. The school will inform parents/carers each time a physical intervention has taken place. Any changes in behaviour will be considered as part of the pupil's individual behavior/risk reduction plan or pupil profile.
- 7.14 The techniques adopted by the Local Authority are those endorsed by the Team Teach system of de-escalation and restricted physical intervention. Any allegation of inappropriate physical intervention with a child, or physical harm, must be reported to Children's Services in line with local guidance relating to allegations against practitioners. This process complies with the requirements of the Wales Safeguarding Procedures – Section 5 Allegations Against Practitioners/Those in a Position of Trust.

Violence Against Women Domestic Abuse & Sexual Violence (VAWDASV)

- 7.15 The new Domestic Abuse Bill became law on 29th April 2021. It now recognises children who live in a home where domestic abuse takes place, are recognised as victims in their own right rather than witnesses, for the first time. The Bill will recognise a child who sees or hears, or experiences the effects of, domestic abuse and is related to the person being abused or the perpetrator is also to be regarded as a victim of domestic abuse.
- 7.16 The new Act increases protections for families affected by domestic abuse under Domestic Abuse Protection Orders and the Domestic Violence Disclosure Scheme. The definition is gender neutral to ensure that all victims and all types of domestic abuse are sufficiently captured, and no victim is excluded from protection or access to services.
- 7.17 The Whole Education Response to VAWDASV Gwent Implementation Guide for Schools 2020-21 was implemented. It is recognised that education settings are an important environment where positive attitudes towards gender equality and healthy relationships can be fostered through a rights based approach and preventative education. This will be achieved through access to specialist services and raising staff awareness via the VAWDASV National Training Framework.
- 7.18 Operation Encompass was created to support children experience domestic abuse through timely information-sharing between police and schools. The purpose of Operation Encompass is to enable support to be given to child victims of domestic abuse. Key adults, often the DSP, are identified in all schools involved in Operation Encompass so they have knowledge of domestic abuse and its impact upon children that they can disseminate to all staff. Through Operation Encompass schools are able to help children understand what is happening at home and how to best protect themselves both physically and emotionally. The information a school receives also enables them to prepare for the child at school and ensure they have the support they need.

Bullying

- 7.19 Everyone has the right to learn, free from the fear of bullying, whatever form that bullying may take. Bullying can be: physical like hitting or kicking; taking belongings; sexual harassment; name-calling; insulting and/or spreading rumours.
- 7.20 This school/setting is aware that, at a national level, cyber-bullying is on the increase and includes texting, social media comments or sending malicious e-mails.
- 7.21 Our policy on bullying is set out in a separate document/the school's behaviour policy and is reviewed annually by the governing body/management committee.
- 7.22 Discriminatory bullying links safeguarding issues with the wider Equalities agenda, see **Section 15** for further details. The school complies with the legal requirement to report all discriminatory incidents to the LA.

Rights, Respect, Equality

- 7.23 The setting/school's policy on Rights, Respect, Equality, to prevent and challenge bullying, has been set out in a separate document/ the behaviour policy etc. Rights, Respect, Equality includes being LGBTQ+; whilst being LGBTQ+ is not a safeguarding issue in itself but does increase a child's vulnerability to bullying, youth homelessness, abuse, mental health issues etc as a result of societal attitudes and the importance of having an inclusive school ethos and practices which meets the needs of all pupils including those who are LGBTQ+ who may require specific arrangements to ensure they feel safe and secure at school. Resources to support LGBTQ+ is set out in **Appendix 1**

A Multi-Agency Approach

- 7.24 In accordance with Welsh Government guidance in *Keeping Learners Safe*, the school will notify Children's Services if:
- A pupil with current involvement with Social Services is excluded either for a fixed term or permanently; and
 - A pupil with current involvement with Social Services has an unexplained absence.
- 7.25 This school will work to develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters, including attendance at initial and review child protection conferences and core groups, and the submission of written reports to such meetings.

Vulnerable Groups of Children

- 7.26 All staff at this school/setting recognises the potential dangers associated with specific:
- Vulnerable groups of children
 - Behaviours
 - Circumstances

Key issues relating to the above with references to sources of information are given in **Appendix 1**.

8. Safe use of the Internet and Digital Technology

- 8.1 The school recognises that in a modern learning environment, use of the Internet, multimedia devices and digital imaging facilities are part of everyday requirements. However, pupil safety will remain the priority of the school. All staff are required to

sign the Local Authority Safe use of the Internet Policy and be aware of the safety mechanisms and requirements built into all IT within school.

- 8.2 All staff are aware that any items that have capability for use of the Internet or the creation of digital images must only be used by pupils when appropriate supervision and audit mechanisms are in place.
- 8.3 All digital devices utilised to capture, store or process images of children must belong to the school and comply with IT security requirements. All educational activities involving use of IT will be undertaken only on school issued equipment. Pupils will not be permitted to directly access items that are not subject to school IT security. All items of school IT must be properly disposed of in line with Local Authority policy when they are no longer in use.
- 8.4 Staff are only permitted to email pupils about school related matters. This must be when using an email account that is part of the secure school network domain and should be via a work related device. If staff do not have access to a work related device then communication about school related matters must be via an email account that is part of the secure school network domain. Staff are not permitted to use personal email accounts to communicate with pupils nor will they be permitted to utilise school equipment for personal use. This provides an additional safeguard for the security of pupils' images and reaffirms for staff the stringent responsibilities that come with the creation of digital images of children.
- 8.5 If any IT item (including mobile phones) that belongs to a member of staff is brought onto school site, it is the responsibility of the staff member to ensure that these items contain nothing of an inappropriate nature. Should personal items be lost or stolen, the contents of the item remain the responsibility of the member of staff that brought it onto school site.
- 8.6 All staff are required to familiarise themselves with the Council's Social Media Policy **Appendix 1**. Social networking sites are part of everyday culture within the cyber environment and all staff will promote safe use of the internet to all pupils. The school curriculum will include the input of appropriately trained personnel around Internet Safety and safe use of media items. Staff will ensure that any personal use of social networking sites does not in any way impinge upon the school or their professional standards. Any concerns regarding a staff member's conduct should be brought to the immediate attention of the Headteacher/Setting Leader.
- 8.7 Any attempt by a pupil to contact staff via such internet sites will immediately be reported to the Headteacher/Setting Leader or DSP. Appropriate advice will then be given to pupils and parents/carers regarding practitioner's boundaries and pupil safety.
- 8.8 If there is any suspicion that any multimedia device or computer contains images or content of an inappropriate nature, the Headteacher/setting leader or DSP should be informed immediately. Immediate advice should be sought from the Education Safeguarding Manager or Corporate IT, who can then implement the relevant Safeguarding Incident Reporting Procedures.

Permission for the creation of digital or media images

- 8.9 All parents/carers will be requested to give specific consent for any image of their child to be recorded in school on an annual basis. Permission slips will clearly identify the range of images i.e. Photographs or digital filming/video images. In addition the permission will also be specific in listing the use of any digital or multimedia images i.e. Photographs in a local news paper, school leaflets or posters or DVD's for sale to parents/carers and others.
- 8.10 School will issue a further request for permission (either negative or positive consent) if there is an opportunity for images to be produced of children that was NOT specifically listed in the initial permission request.
- 8.11 School will inform parents/carers that they can only record photographic or digital images of children in school based activities i.e. school concerts, with the permission of the parents/carers of every child involved in that activity. School will never condone the posting of images from school based events on the internet or social networking sites, and will actively challenge parents/carers who do so. The school cannot control the use of such images taken by parents/carers after school events, and therefore could not assure other parents/carers of the appropriateness of that use.
- 8.12 The school reserves the right to refuse any digital recording of school based events if they fear the security of the images can later be compromised by being posted on social media or internet sites. Parents/carers who do not respect the policy of the school in regards to safeguarding may be prevented from attending future events.

9. Contact with Pupils

- 9.1 All staff, volunteers and governors/management committee members will maintain an awareness of the position they hold with the School and the power of their position as perceived by pupils and their families. All contact with pupils outside the school environment must be managed appropriately and be clearly communicated within school and to the parents/carers of the pupil. If there is a requirement to contact a pupil via telephone, parents/carers will be informed prior to contact being made with the pupil.
- 9.2 All school staff will ensure that their personal telephone numbers and contact details are not known to or used by pupils. Should a pupil gain access to any such details the member of staff will inform the DSP or the Headteacher/Setting Leader as a matter of urgency. Should any staff member, volunteer or governor become aware that outside of school time there is direct contact between adults within school and pupils that is not for school purposes, the DSP or Headteacher/Setting Leader is to be informed immediately, this may result in the instigation of procedures in relation to allegations against a practitioner/person in a position of trust.

- 9.3 Should members of staff have contact with pupils outside of school due to an employment or volunteering position they will report this contact to the Headteacher/Setting Leader.

10. Allegations against staff

- 10.1 The DSP and the Headteacher will ensure that they are fully aware of the relevant legislation and guidance in relation to procedures required when an allegation is made against a practitioner. The following documents offer legislation and guidance for this matter:
- Education Act 2002
 - WAG circular 009/2014 – Safeguarding Children in Education: Handling Allegations of Abuse against teachers and other members of staff
 - Safeguarding Children: Working Together Under the Children Act 2004
 - Wales Safeguarding Procedures 2019 – Children and Young People at Risk of Harm, Section 5.
 - Keeping Learners Safe 2021
 - Welsh Government circular 002/2020, [Disciplinary and dismissal procedures for school staff | GOV.WALES](#)
 -
- 10.2 Any allegation of a safeguarding nature against a practitioner/person in a position of trust, will be discussed outside of the school with relevant practitioners for objective advice and compliance with procedure. When allegations are made against a practitioner/person in a position of trust that are not obviously safeguarding issues, ie conduct, advice should be sought from the Education Safeguarding Manager/Human Resources to agree a way forward. If the Education Safeguarding Manager is unavailable, advice can be sought from the Information, Advice and Assistance Team Manager, Children's Services.
- 10.3 Where there is evidence of a clear safeguarding concern regarding the behaviour of a member of staff in relation to children's welfare or safety the matter must be referred to Children's Services without delay. In this respect a Duty To Report Form will be completed and submitted to Children's Services, and copied to the Education Safeguarding mailbox without delay. Any practitioner/person in a position of trust, subject to an allegation of a child protection nature will require an immediate risk assessment. This school/setting will seek advice from colleagues in Education Safeguarding and HR and complete the risk assessment form given in **Appendix 8**. The Headteacher will nominate a person within the school to act as the designated point of contact for the staff member whom allegations are made. This designated person will keep the staff member up to date with information at scheduled times throughout the process to ensure a duty of care to the staff members wellbeing.
- 10.4 All staff must ensure that any allegation regarding an adult who is working with children, this will include staff, volunteers, governors/management committee members, occasional workers or contractors, and those staff that are not on school site but come into contact with children i.e. those who transport children to and from school, school crossing patrol etc is reported immediately to the Headteacher/DSP. If an allegation is made about the Headteacher, the Chair of Governors/Management Committee should be informed.

- 10.5 Our Governing body/management committee is responsible for dealing with staff disciplinary matters, matters of lesser misconduct can be dealt with by the Headteacher/Setting Leader.

11. Safer recruitment

- 11.1 In accordance with Welsh Government Guidance (Keeping Learners Safe 3.2.14, Chapter 5: Safer Recruitment Practice), this school/setting will follow the HR management processes, which include a criminal record check and barred list check from Disclosure and Barring Services (DBS). Timely DBS renewal checks will also be completed for existing staff members.
- 11.2 All members of staff, volunteers and governors/management committee members will be required to hold an up to date DBS disclosure certificate, where applicable, in line with DBS regulations. Further guidance on this can be obtained from Human Resources. The school will maintain a record of all staff DBS disclosure dates and ensure that renewals are timely in accordance with HR policies.
- 11.3 The engagement of daily staff within schools should be subject to the same rigorous requirements as employed for permanent members of staff. The Headteacher/ Setting Leader will ensure that any person engaged to work in the school has satisfactory qualifications, references and checks. A written log of all daily staff will be kept, clearly listing where a DBS disclosure is available or a risk assessment is formulated in lieu of an available DBS disclosure. **Appendix 9**
- 11.4 The Headteacher/ Business Mana retains responsibility for ensuring that all persons attending school site are appropriately risk assessed in circumstances where current DBS disclosures are unavailable.
- 11.5 In the event that any member of staff holds an additional role of employment or volunteering that is not specifically linked to school but whereby there is a possibility of contact with pupils i.e. private tutoring arrangements, sport clubs etc. the member of staff will ensure they clearly inform the Headteacher/ Setting Leader of their dual role and remit in this regard. The Headteacher/ Setting Leader will keep clear written records of the agreed arrangements.

12. School Site Security

- 12.1 Our school is a safe and secure place for pupils to learn and develop learning and social skills. The physical safety of pupils when on school site is of paramount importance. Access to the school site is strictly monitored and reviewed in line with the Local Authority guidance on the Health and Safety of school premises. The School's Health and Safety Policy is available to review on request from the Headteacher/Setting Leader.
- 12.2 All daily contractors to our site are requested to sign in and out of school premises. They will clearly list the company for whom they work and the reason for their visit. As a daily contractor is unlikely to have a DBS disclosure available to be viewed by the school, an alternative method of risk assessment will be employed. A risk assessment

is formulated by the School, using the Daily Staff / Contractors Log sheets (**Appendix 9**), which clearly list the control measures employed by the school to safeguard pupils.

- 12.3 All visitors to school site will be issued with, and required to clearly display, an identification badge listing their status within the school i.e. visitor, contractor, governors/member of management committee etc. School safeguarding information with clear instruction on how to report a safeguarding concern will be available to all persons visiting school site on the reverse of their school issued identity badge or signed for on electronic iPad login systems. All pupils will be continually reminded that any person seen on school site without an appropriate identity badge must be reported to staff, and staff will challenge the individual concerned.

13. Gwent Safeguarding Board

- 13.1 Gwent Safeguarding Board provides ongoing training, advice and guidance on all matters of Safeguarding children. Our school welcomes partnership working that promotes the health and welfare of our pupils and considers Gwent Safeguarding information to be of enormous value to our school and staff development.
- 13.2 Research and case reviews have consistently emphasised the need for good inter-agency communication, constructive professional challenge and the swift resolution of professional differences of opinion. Our school remain committed to playing a full and active part in contributing to children's multi-agency plans. We will openly and constructively challenge colleagues under the Resolving Professional Differences guidance to achieve best outcomes for children
- 13.3 Our school is fully committed to the protection and development of all our pupils and view the Gwent Safeguarding information as a vital tool with which to forward this agenda. All staff are aware that full information on various themes are available on the Gwent Safeguarding website www.gwentsafeguarding.org.uk

14. Equalities and Welsh Language

- 14.1 This school is committed to ensuring that all children gain maximum benefit from their education regardless of ethnic origin, sex, age, sexual orientation, disability, gender reassignment (transgender issues), religious belief or non belief, use of Welsh language, British Sign Language or other languages, nationality, responsibility for any dependents or any other reason which cannot be shown to be justified.
- 14.2 We will also ensure, in line with current Welsh Language and Equalities legislation that all parties involved in any Safeguarding issues have their language choice and individual characteristics respected and taken into account at every stage.
- 14.3 Discriminatory bullying incidents, which cross-cut Safeguarding and Equalities issues, are monitored and reported termly to the Directorate of Education who, together with the Council's Equalities and Welsh Language team, can assist with support in terms of training needs and complaints resolution.

15. Monitoring the Policy

- 15.1 All staff are required to provide a signature to indicate that they have read and understood this policy. **Appendix 10** Daily staff / contactors will complete the daily staff / contractors log as indicated in **Sections 11 & 12**, as a written confirmation of their knowledge of child protection requirements.
- 15.2 The Headteacher ensures that written, and/or electronic records are maintained of any incidents relating to safeguarding. Regular reports will be shared with the safeguarding/Child Protection link Governor/Management Committee Member.
- 15.3 Effective monitoring of the Policy will ensure all school staff receive safeguarding training and will be regularly updated during the year as appropriate from the DSP. All practitioners will receive specific awareness raising training within a 3-year period. School will keep records of training and carry out regular audits to ensure that all practitioner training for safeguarding is kept up to date. School provide information on practitioner training to the Council and the Safeguarding Board upon request.
- 15.4 An annual report is submitted to the Governing Body/Management Committee at the end of the academic year

Policy adopted by....

.....Chair of Governors/Management Committee

Policy Implemented by

...Headteacher

Date of Implementation...12th October 2023

Date of Review...11th October 2024

This Policy will be reviewed **annually** and updated in the light of any changes in legislation.

Appendix 2

Extract/links from Wales Safeguarding Procedures (2019)

Key definitions relevant to safeguarding children

All practitioners should be aware of the [definitions of abuse and neglect in the Social Services and Well-being Act \(Wales\) 2014](#) as well as the signs and indicators of [abuse](#) and [neglect](#). This is essential in order to communicate concerns about [harm](#) in a meaningful way.

A child

The [Social Services and Well-being \(Wales\) Act 2014](#) and accompanying Guidance define a 'child' as a person who is aged under 18.

A child at risk

S.130 (4) of the [Social Services and Well-being \(Wales\) Act 2014](#) defines a [child at risk](#) as a child who:

1. Is experiencing or is at risk of abuse, neglect or other kinds of harm;
2. Has needs for care and support (whether or not the authority is meeting any of those needs).

It is important to note:

- The use of the term 'at risk' means that actual abuse or neglect does not need to occur, rather early interventions to protect a child at risk should be considered to prevent actual harm, abuse and neglect;
- The two conditions necessary to demonstrate a child is at risk of abuse or neglect ensures that protection is provided to those with care and support needs who *also* require actions to secure their safety in the future;
- Risk of abuse or neglect may be the consequence of one concern or a result of cumulative factors.

Harm

Harm is defined as:

- ill treatment this includes [sexual abuse](#), neglect, [emotional abuse](#) and [psychological abuse](#)

- the impairment of physical or mental health (including that suffered from seeing or hearing another person suffer ill treatment).
- the impairment of physical intellectual, emotional, social or behavioural development (including that suffered from seeing or hearing another person suffer ill treatment).

[vol 5 Working Together to Safeguard People: Volume 5 – Handling Individual Cases to Protect Children at Risk](#)

Types of harm

The following is a non-exhaustive list of examples for each of the categories of harm, abuse and neglect included in [vol 5 Working Together to Safeguard People: Volume 5 – Handling Individual Cases to Protect Children at Risk](#)

- **physical abuse** - hitting, slapping, over or misuse of medication, undue restraint, or inappropriate sanctions;
- **emotional/psychological abuse** - threats of harm or abandonment, coercive control, humiliation, verbal or racial abuse, isolation or withdrawal from services or supportive networks, witnessing abuse of others
- **sexual abuse** - forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening, including: physical contact, including penetrative or non-penetrative acts; non-contact activities, such as involving children in looking at, or in the production of, pornographic material or watching sexual activities or encouraging children to behave in sexually inappropriate ways;
- **financial abuse** - this category will be less prevalent for a child but indicators could be:
 - not meeting their needs for care and support which are provided through direct payments; or
 - complaints that personal property is missing.
- **neglect** - failure to meet basic physical, emotional or psychological needs which is likely to result in impairment of health or development.

Risk from other actual or potential harm to a child or young person may also result from:

- [Criminal exploitation such as county lines \(CCE\)](#)
- [Child sexual exploitation](#)
- [Radicalisation](#)
- [Female genital mutilation](#)
- [Modern slavery](#)

Significant harm

Concerns about likely or actual significant harm to a child is the threshold for initiating [s47 enquiries under the Children Act 1989]

There is no statutory definition of significant harm. Therefore, practitioners must:

*'Where the question of whether harm is significant turns on the child's health or development, the child's health or development is to be compared with that which could reasonably be expected of a similar child ([Section 31\(9\)](#), **Children Act 1989**.)*

Pointers for Practice: Signs and Indicators of Possible Abuse and Neglect in a Child

See also: All Wales Practice Guides

Responsibilities to report

The [Social Services and Well-being \(Wales\) Act 2014 s.128](#), specifies the duty placed on practitioner 'relevant partners' under s.162 of the Act to report both adults and children, including unborn children, they have reasonable cause to suspect are at risk of harm.

Safeguarding children affected by domestic abuse

- **There is well established evidence that exposure to domestic abuse can and does cause significant harm to children.**¹ The Adoption and Children Act 2002 extended the definition of significant harm to include 'impairment suffered from seeing or hearing the ill-treatment of another'. This recognises the fact that witnessing domestic violence can have a serious impact on children's emotional well-being and development.
- We know that sensory impaired and disabled children are at an increased risk of being abused compared with their non-disabled / non-sensory impaired peers. They are also less likely to receive the protection and support they need when they have been abused. Practitioners and professionals should explicitly recognise the increased vulnerability of sensory impaired and disabled children to abuse and neglect, as well as the barriers they may face, especially around communication and provide for any additional safeguards needed to protect them.
- Practitioners should familiarise themselves with the culture and beliefs of those families they work with. Practitioners should not be afraid to ask about particular behaviours and the reasons for them in a sensitive manner and should never overlook potential harmful practices on the basis of cultural sensitivity.

- All practitioners must be alert to the possibility of the child being at risk of harm regardless of the setting they are living in, whether in foster care, adoptive placements or a children's home. Children in placements or those who are adopted will have relationships that may include foster carers, adoptive parents, birth parents, siblings or other birth relatives. These relationships and any contact may be positive and welcomed or undesired and deemed a risk. Children's past experience of abuse and neglect may leave them at risk of having emotional, behavioural and mental health difficulties, which may continue to make them vulnerable.
- **Children should be seen and heard.** Evidence from Child Practice Reviews has highlighted the need for children to meet on their own with practitioners, away from parents and carers in an environment where they feel safe, so that the child can speak about the impact that the circumstances which have prompted safeguarding concerns are having on them. There are too many cases where the child was not seen or asked their views or feelings, or where this did not happen enough. Providing time and space to listen directly to children supports a child-centred system and promotes good safeguarding practice.²
- The purpose of the **Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015** is to improve:
 - Arrangements for the prevention of violence against women, domestic abuse and sexual violence;
 - Arrangements for the protection of victims of violence against women, domestic abuse and sexual violence;
 - Support for people affected by violence against women, domestic abuse and sexual violence.

The Act covers all forms of gender based violence in recognition that both men and women are victims of violence; threats of violence or harassment arising directly or indirectly from values, beliefs or customs relating to gender or sexual orientation; and also forced marriage. Protection is a critical aspect of this work; public services need to work together to protect those who are currently experiencing violence against women, domestic abuse and sexual violence from suffering any further harm, and protect any children within the family setting. A whole-systems approach to multi-agency risk management is recommended to minimise crisis management where possible and relevant.

What do we mean by Domestic Abuse?

The Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 sets out that:

“abuse” means physical, sexual, psychological, emotional or financial abuse;

“domestic abuse” means abuse where the victim of it is or has been associated with the abuser;

“gender-based violence” means— a) violence, threats of violence or harassment arising directly or indirectly from values, beliefs or customs relating to gender or sexual orientation; b) female genital mutilation; c) forcing a person (whether by physical force or coercion by threats or other psychological means) to enter into a religious or civil ceremony of marriage (whether or not legally binding);

“Violence against women”, should be read as also including male victims of gender-based violence (GBV) unless the context suggests otherwise.

Peer relationship abuse

Peer relationship abuse is a pattern of actual or threatened acts of physical, sexual, and / or emotional abuse, perpetrated by an adolescent (between the ages of 13 and 18) against a current or former partner. Abuse may include insults, coercion, social sabotage, sexual harassment, threats and / or acts of physical or sexual abuse.

Children who are harmed and children who harm should both be treated as children who may have care and support needs, and practitioners should bear in mind that a child may be a perpetrator and also a victim of violence.

What is coercive control?

It is a criminal offence in England and Wales for someone to subject someone else to coercive control. This form of abuse must be reported to the police. Coercive control³ is when a person with whom someone is personally connected, repeatedly behaves in a way which makes the victim feel controlled, dependent, isolated or scared. The following types of behaviour are common examples of coercive control:

- isolating someone from their friends and family
- controlling how much money someone has and how they spend it
- monitoring a person’s activities and movements
- repeatedly putting someone down, calling them names or telling them that they are worthless
- threatening to publish information about someone or to report them to the police or the authorities
- damaging a person’s property or household goods
- **threatening to harm or kill them or their child(ren)**
- **forcing someone to take part in criminal activity or child abuse**

Parental conflict

- Research suggests that inter-parental relationships, specifically how parents communicate and relate to each other, should be recognised as a primary influence on effective parenting practices and children’s long-term mental

health and future life chances. Parents/couples who engage in and poorly resolve inter-parental conflicts put children's mental health and long-term life chances at risk. Children of all ages can be affected by destructive inter-parental conflict, with effects evidenced across infancy, childhood, adolescence, and adulthood. Although some conflict in relationships is normal, frequent, intense and poorly resolved conflict between parents can profoundly affect children at any age.⁴

- Research conducted in recent decades, has highlighted how children's exposure to discordant, but non-violent, conflict between parents also exerts negative effects on child development. This research suggests that we should move away from considering conflict between parents as simply violent or not violent in favour of an acknowledgment that conflicted behaviour between parents exists across a continuum of severity – ranging from hostile silence to physical violence. Intervention programmes that focus on the inter-parental relationship have the potential to mitigate the negative consequences of family stress, family conflict and family breakdown on children and parents, and help prevent the intergenerational transmission of factors that lead to disrupted family relationships and family breakdown.

Child Protection/Safeguarding concerns can involve;

Children telling staff or other pupils that they are

Staff will:

Remember that the priority is to protect the child;

Treat the matter seriously;

Listen but do not judge; Believe the child

Tell the child that they have done the right thing in talking to a safe adult;

Tell the child what will happen next where possible

Inform the Headteacher of all concerns immediately

Staff will not:

Contact the parents - this is the job of the Headteacher or social services;

Ask lots of questions if a child has told concerning information

Speak to anyone about whom allegations are made (including colleagues);

Promise to keep secrets

Our Safeguarding policy applies to all staff, governors and volunteers working in the school. The five main points are;

The Designated Safeguarding Officer will **not** ask parents before calling Social Services if:

The parent knew of the concerns and did not protect the child

The parent is the cause of concern

The parent would not be able to discuss the concern

As a parent/carer you play a vital role in all that the school do, especially when it comes to ensuring all our pupils are safeguarded and protected. As a school we ask that you as parents:

Talk to staff about any concerns you have for your child

Remember that the school **MUST** share concerns about your child

The school will **NOT** judge you, but they may have to share difficult information

The school **MUST** prioritise the safety and wellbeing of pupils, they cannot keep secrets from other agencies

Changing

, Creu Dyfod

44 of 56

As a parent we hope you will help us in our legal duties to protect

ils. As a contact are y be at

to speak id your

circumstances.

We need to discuss concerns with parents, nobody within our school will judge you, or accuse you, we simply need to discuss the facts and decide whether you may need some extra help to give your child every opportunity they deserve.

Within this leaflet we have outlined some of the standard procedures the school **MUST** follow.

None of these procedures are aimed at upsetting or distressing you as parents/carers. They are designed to look at your child's needs and make sure that if your child needs some extra help, they get it.

a) What to do if a person tells you they have been abused or harmed:

A person may confide in any practitioner. Practitioners to whom an allegation is made should remember: -

- Yours is a listening role, do not interrupt them when they are freely recalling events. Limit any questions to clarifying your understanding of what is being said. Any questions should be framed in an open manner so not to lead;
- In schools, staff should always speak to the DSP in the first instance, or in their absence, the Deputy DSP. In the event that both are absent, do not delay - anyone can contact the local authority children's social services to raise a concern at any time (Information, Advice and Assistance (IAA) team). Staff members should always act in the best interests of the child.
- For other education settings, the process outlined in the setting's own procedures must be followed.
- Make a note of the discussion, as soon as is reasonably practical (but within 24 hours) to pass on to the DSP. The note which should be clear in its use of terminology, should record the time, date, place, and people who were present and should record answers/responses in exactly the way they were said as far as possible. This note will in most cases be the only written record of what has been disclosed, and as it is the initial contact, an important one in the process. Remember, your note of the discussion may be used in any subsequent formal investigation and/or court proceedings. It is advised that you retain a copy in a safe place;
- Do not give undertakings of confidentiality. You will need to express this in age/developmental related ways as soon as appropriately possible during the disclosure. This may result in the person 'clamming up' and not completing the disclosure, but you will still be required to share the fact that they have a shared a concern with you to the DSP. Often what is initially shared is the tip of an iceberg;
- That a person may be waiting for a case to go to criminal court, may have to give evidence or in the case of a child, may be awaiting care proceedings.
- You may have a future role in terms of supporting or monitoring the person, for example, contributing to an assessment or in the case of a child, implementing child protection plans. You can ask the DSP for an update on concerns shared, but they may be limited in their response. The level of feedback will be on a need to know, but whatever is shared is confidential and not for sharing with others.
- When making a report about an 'adult at risk', consent is not required to make the report, but it would be helpful to know if the adult at risk consents to the adult safeguarding process.

b) What to do if a person tells you they have a practitioner concern (including volunteers):

If an allegation of abuse is made against a practitioner, this must be reported in accordance with the information below.

Where there is a practitioner concern, reports to children's/adult services are made in the same way as for all safeguarding concerns

Where there is an allegation/concern about a practitioner, you should refer to the Wales Safeguarding Procedures and the Welsh Government guidance circular 009/2014 Safeguarding Children in Education: Handling allegations of abuse against teachers and other staff. (A summary of procedures is included in appendix 6: Practitioner Allegations/Concerns).

If a safeguarding allegation/concern about a practitioner is made, this must be reported to the Head Teacher/ manager.

If the concern is about the Head Teacher, this must be reported to the Chair of Governors and if the concern is about a manager, it must be reported to the next line manager.

The matter must also be discussed with the Safeguarding in Education Manager. In the absence of the Safeguarding in Education Manager, do not delay, contact the Social Services Information, Advice and Assistance Team.

If there is an allegation against a Local Authority Officer then this must be communicated to the Chief Education Officer, colek@caerphilly.gov.uk Tel: 01443 864955, or the Lead for Safeguarding/Inclusion Sarah Ellis, elliss@caerphilly.gov.uk Tel: 01443 866618.

If the concern is about the SSL, then the Corporate Director for Education is to be contacted. If there is a concern about the Corporate Director for Education, then this should be referred to the Chief Executive.

Upon receipt of an allegation/concern about a practitioner in a school, the Head teacher/ manager (or where appropriate, the Chair of Governors), will:

- obtain details of the allegation in writing, signed and dated
- keep a record of dates, times, location and names of potential witnesses.
- not investigate the allegation, or interview pupils, or discuss the allegation with the member of staff, but consult with Safeguarding in Education/Child Protection Coordinator/IAA Service.
- inform the Chair of Governors / manager
- contact the Safeguarding in Education Manager who, together with Children's Services will give urgent consideration as to whether or not there is sufficient substance to the allegation to warrant an investigation: The outcome will either be:
 - i. without foundation
 - ii. internal disciplinary procedures
 - iii. a report under the safeguarding procedures
- In the case of adults at risk, further advice can be sought from the Information, Advice and Assistance team in Adult services.

Pending the outcome of this process, interim safeguarding arrangements will be necessary to prevent any unsupervised contact between the person making the allegation and the subject of the allegation, and should consider the contact that takes place between any other child(ren)/adult at risk and the person against whom the allegation has been made. This will require a risk assessment to be completed and documented by the Head teacher/Chair of Governors/manager.

The sharing of information about an allegation must be handled sensitively and must be restricted to those who have a need to know in order to safeguard.

Information about the child, adult at risk or family must not be shared with the individual against whom the allegation was made or anyone representing them.

The matter must be treated confidentially and will not be discussed with practitioners.

When a report has been made to the Local Authority, consideration will be given to the report by the statutory authorities, who can conclude their considerations at any stage in the safeguarding process. Once the statutory authorities have completed their consideration of the allegation, the matter is referred back to the governing body to consider any actions required by the employer. At the conclusion of the involvement of statutory services, the Safeguarding in Education Manager will consult with the Headteacher and chair of governors to discuss next steps ([Handling allegations of abuse against teachers and staff | GOV.WALES](#))

Each establishment, organisation or service will keep and maintain records which detail allegations of abuse against any practitioner working for them, whether in a paid or voluntary capacity, whatever the outcome. There are clear requirements of when this information is to be shared with legal or statutory organisations such as DBS and the Education Workforce Council (EWC). Advice and guidance for the sharing of this specific information **must** be sought from Organisational Development.

c) Confidentiality

The school/setting and practitioners are fully aware of confidentiality issues if a person divulges that they are or have been abused. A person may only feel confident to confide in a practitioner if they feel that the information will not be divulged to anyone else. However, practitioners have a professional responsibility to share relevant information with the designated statutory agencies when a child or adult at risk is experiencing abuse and/or neglect.

It is important that each practitioner deals with this sensitively. When responding, practitioners should explain that they must inform the appropriate people who can help, but they will only tell those who need to know in order to be able to help. Practitioners should reassure the person and tell them that their situation will not be common knowledge within the setting. Be aware that it may well have taken significant courage to disclose the information and they may also be experiencing conflicting emotions, involving feelings of guilt, embarrassment, disloyalty (if the abuser is someone close) and hurt.

Ensure that only those with a professional involvement, i.e. the DSP and Head teacher/Manager, have access to safeguarding records. At all other times, they should be kept secure and separate from the person's main file.

Records must be per INDIVIDUAL CHILD and secured with Childs Safeguarding File

Name			D.O.B		School/setting					
Significant Event Record - factual observations <small>(to include child's comments <u>verbatim</u>, clearly list the situation, task being undertaken at the time, how many others present and any environmental factors that contributed, others adults present, how was the incident/event concluded, comments made to the child)</small>

Appendix 7

Suggested Safeguarding File Composition

The following guidance from Education Safeguarding is regarding the storage of information in School/Setting on vulnerable children and those involved with Social Services. Each child should have an individual file and all information should be in date order **with the most recent first**, in the following sections:

Safeguarding School File

1. Safeguarding Pupil Information record
2. Chronology of school concerns
3. Correspondence
4. Social Services Minutes – Conference/Core Group Minutes, LAC Review Meetings, Child in Need Planning Meetings
5. School reports for Social Services Meetings – i.e. Case Conference Meetings, LAC Reviews, Core Groups
6. Attendance Data – Registration sheets, EWO involvement
7. Academic Assessment Information – Key Stage Assessments, end of year testing
8. School based additional information e.g. Involvement with Educational Psychology Service, Behaviour Support Service, Additional Learning Needs Service. Copies of Statement of Special Educational Needs, IEP, IBP, PEP, Positive Handling Plan / Team Teach information.
9. School Report
10. Any other information – copies of referrals to other agencies

When a child leaves your school this confidential information must be securely transferred to the new school and signed for by the new Headteacher/Setting Leader or Designate Senior Person for CP. The receiving school must be made aware of the existence of a Safeguarding file prior to the child transferring.

Appendix 8

Employee Support Plan/Risk Assessment Employee Related Safeguarding Issues
